

# DispenserSentry™

## Are your pumps safe?

Monitor your dispenser activity to protect your brand, business and customers from fraud at the pump.

### Keep tabs at all times

Track access and activity across all of your pump locations in real-time, with cutting-edge wireless sensors.

### Inspections made easy

Digitize and automate your inspection process to reduce manpower, ensure optimal accuracy and reduce costs.

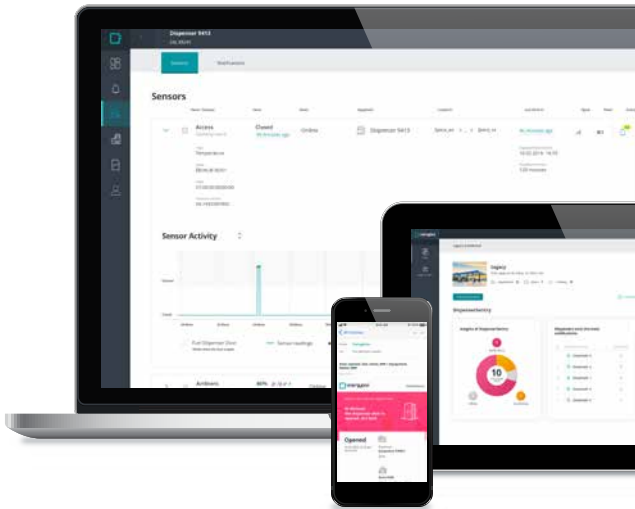

### Protect your business

Reduce your liability with the automated dispenser audit feature, which details any authorized or unauthorized access to your dispensers.

### Immediate alerts

Receive real-time alerts, including audible and visual alarms, for all of your locations to increase the response time from authorities.
