

SimplyCheck™

SimplyCheck™ delivers peace of mind, and our quality and customers are never compromised.

Food quality can make or break a business

Experience a revolutionary food inspection and process automation solution designed to ensure safety, quality and HACCP-compliance.

Designed for convenience and grocery stores, restaurants and food services

Accurate and efficient inspections

Digitize your checklists and automate your processes with the **SimplyCheck™** App, connecting a bluetooth thermometer and our cloud based business intelligence software.

Robust reporting

Receive automatic daily performance reports with valuable insights and data from each of your locations.

Quick, simple and easy set-up

Track 6 unique inspection parameters across unlimited food items, create custom checklists, and assign responsibilities to key employees.

Always connected

Receive real-time alerts and notifications from all of your locations to stay on top of any issues.

On-the-go management

Easily access your site data, information and activity from anywhere, anytime - thanks to automatic synchronization with the Energybox® cloud platform.
